MEMORANDUM FOR: [REDACTED] OP/PRS  
SUBJECT: Personnel Recruiting Practices

1. Reference is made to the Inspector General's memorandum addressed to the Deputy Director (Support), subject as above, dated 10 May 1963, and to our telephone conversation on the same matter.

2. Listed below is a sampling of names of young ladies who have informed us that they were recruited at their colleges for GS-4 and GS-5 clerical positions despite their expressions of interest in applying for professional positions:

3. I also ran across the isolated instance of [REDACTED] who informed me that she was recruited for a professional position at grade GS-5. According to [REDACTED] she has not met anyone else in her field of work who was recruited for a similar position below the GS-6 level. [REDACTED] wondered why she had been discriminated against in this regard.
